SHARE.

William H. Gates of Lexington street is having more than his portion of trouble. In addition to the accident to his son Charles Sunday, who lost both legs under a train, Mr. Gates has one son, Reuben, in the asylum; another son, Henry, was drowned, and a grandson, Ed. Varvel, was also drowned. Mr. Gates has been ill and unable to work for the past two weeks.

If this isn't trouble, we don't know it.

News from Wilson Hospital this morning say young Gates is doing nicely and may recover.

ARRANGING FOR BANQUET

November 27—Mason County Health League Making Brave Fight for Better Conditions.

At a meeting held last Thursday evening an organization was effected to arrange for the banquet it is proposed to have on the evening of November 27, in connection with the all-day meeting of the Mason County Health League.

Mrs. T. M. Russell was elected chairman and the following committees were appointed to solicit:

First Ward: Mrs. J. Clarke Rogers, Miss Lottie Berry.

Second Ward: Mrs. M. Galanty, Mrs. George Clephane.

Third Ward: Mrs. M. F. Congdon, Mrs. D. Mathews.

Fourth Ward: Mrs. M. M. Gary, Miss Hattie Dobys.

Fifth Ward: Mrs. Davis, Mrs. Hollstein, Mrs. Marsh, Mrs. Hancock.

Sixth Ward: Mrs. Henry Shea, Mrs. James Hall.

All of these ladies are requested to report to Mrs. Russell before Tuesday evening in order that she may in turn report a definite plan to the Board of Directors at their meeting that night.

Arrangements are being perfected for all the details of this meeting and every man and woman in the county, whether they have been asked personally or not, are requested to do something to help make this day a success and assure the continuance of the work of the Health League.

Gov. McCreary has called upon every citizen of the commonwealth to do something to observe Tuberculosis Day, and Mason county citizens can not in any better way answer the Governor's call than by assisting in the work for this all-day meeting. The organization of the Health League was the first step taken in this community in the nationwide fight on the white plague and the work is kept up it means that eventually consumption will be in a class with other preventable diseases that were a terrible menace to mankind in years gone by but which he little dreads today for the reason that he knows how to control them and at the first sign of their appearance the medical fraternity and the municipal authorities take hold and stop their spread.

Consumption can be put in this class and will be if the people want to do it.

LATEST WAR BULLETINS "THE BEST LUMBER I EVER USED".

GERMANS MAY SPEND WINTER IN BELGIUM.

London, November 16.—The Germans are turning Belgium into a fortress, which means that if they do not succeed in advancing far into France, they intend to be prepared for a winter in Belgium. The whole coast, from Ostend to the Dutch border, has been placed in a state of defense and civilians are vigorously excluded from that area.

MORE INDIAN TROOPS IN FRANCE.

London, November 16.—The London Express has received the following dispatch from its correspondent at Marceilles: "Twelve transports of Indian troops have been disembarked for the front. They are all of the cavalry and artillery arms of the service. The journey from Bombay took twenty-three days."

London, November 16.—The greatest single demand ever made upon the material resources of Great Britain was voiced by Premier Asquith this afternoon, when in the House of Commons, he moved an additional credit for war purposes of £225,000,000 (\$1,257,000,000), which in addition to the millions already voted in August is equivalent to an increase of more than 50 per cent. in the national debt.

Premier Asquith stated in the House of Commons that the war already was costing Great Britain from \$4,500,000 to \$5,000,000 daily.

Berlin, November 16.—An official announcement given out this afternoon says that the German attacks in Flanders are progressing slowly, but that in the Argonne the Germans have obtained further important successes. The fighting in the east continues.

According to the present report we made 23,000 prisoners and captured over twenty machine guns, as well as some cannon, the number of which has yet not been ascertained."

London, November 16.—The armies of the allies and of Germany were deadlocked in West Flanders today all along the whole battle line where the snow is ankle deep, and with the prospect of further intermittent artillery duels and infantry clashes, which for more than a month have been swinging back and forth without definite result.

The snow and the generally adverse weather conditions in Flanders will make necessary more frequent shifts of men in the trenches and there will be more sickness, especially lung and throat affections.

SAYS JAMES CUMMINS SUICIDED.

(Carlisle Democrat.) Mr. James Cummins, formerly of Maysville, but of later years of Atlanta, Ga., committed suicide by shooting in that city a few days ago. His remains were sent back to Maysville and interred.

Before committing the terrible deed he packed his trunk, then telephoned to his relatives at Maysville of his death and made suitable funeral arrangements.

He was a son-in-law of Doch Miller, of near this city, having married his youngest daughter, Miss Anna, several years ago.

BABY GIVEN AWAY AT THE PASTIME THEATER.

A real, live baby to be given away. This little darling has black eyes, black hair, a beautiful complexion, is fat and plump as any baby can be. It comes from a very intelligent family and is one that anybody could love and be proud of. The father of this unfortunate walf is dead and the mother, being unable to care for it, placed it on the doorstep of the Pastime Theater. Owing to the already overburdened condition of the management of this theater, the youngster will be given away one night next week. The exact date will be announced later.

MARRIAGE LICENSES.

Facts to Remember About

HUNT'S Ready-Wear GARMENTS

THE QUALITY—which must measure up to the standard Mr. Hunt demands—and as he personally selects every model there are no haphazard methods in the choosing.

THE STYLES are not what Mr. Hunt wears but what he sees in the windows and on the promenade in Fifth Avenue. One point we emphasize is that every article of our Ready-Wear Apparel, suits, coats, gowns and blouses are designed and manufactured in New York City. All our purchases are confined to America's greatest fashion centre. We spend two months each season in New York City, therefore in correctness of styles we can compete with any city store in popular priced merchandise, though not in variety of styles naturally.

EXCLUSIVENESS is assured by the fact we never buy two models in the same color, and rarely two models alike in different colors.

THE PRICES cannot be bettered anywhere. Even in suits as cheap as \$17.50 and \$19.50 we positively assure the maximum of style and quality.

COME IN to see the new models in flare skirts and short coats Mr. Hunt has just sent us.

NOT THE PATHFINDER BUT THE FAULT FINDER.

Colonel Roosevelt, since his return from Africa, has put in most of his time finding fault. He found fault with President Taft, and now he is finding fault with President Wilson. Criticism of presidents, it would seem, might come with better grace from others than an ex-president, but Colonel Roosevelt does not let a mere matter of ethics deter him when he has something on his mind which he desires to relieve himself. The danger is that he will soon have forced folks to rate him as a common scold.

The happiest days of Grover Cleveland's life were those he spent in comparative retirement after he had finished his second term in the presidency. In those last years he grew steadily in the love of the American people, and he died more generally respected and admired than he had been as the nation's chief executive. For his own sake it is to be regretted Colonel Roosevelt did not take a lesson from the experience of Mr. Cleveland.—Portsmouth Star.

\$15,000,000 BOOST FROM BAGGAGE.

Among the suggestions for providing more revenue for the railroads is one that no baggage be carried free. It is estimated that if a charge sufficient to cover the cost of this service were permitted it would save the carriers about \$15,000,000 a year. One thing is sure, there is an element of unfairness in charging a man without any baggage the same price for transportation as a man with a trunk weighing 150 pounds. Another thing is also sure, the railroads must have more income in order to meet the requirements of our fast growing country. Nothing will bring prosperity back so quickly as to give the railroads money for needed improvements and extensions.

“THE CROWD” ALWAYS VOTE WET.

Cities like Cleveland and Cincinnati and San Francisco and Los Angeles successfully throw the preponderating vote in favor of the “wet” forces. It is a condition which is more or less unsatisfactory to “dry” agitators, but it is an incontrovertible phase of human nature that when men and women are gathered in large communities they are less prone to advocate sumptuary legislation. You may call it “liberalism” or you may not. Nevertheless the condition remains.—Times-Star.

MR. I. L. LITERACY GETTING WISE.

I. L. Literacy, one of Kentucky’s most notorious citizens, has been indicted on a charge of being a nuisance and is about to be brought to trial. He is charged with obstructing the intellectual progress of more than 200,000 people in this state, in kind is that the latter can spell brougham while it is expected that he will plead guilty and be sentenced to a term in the public schools.—Louisville Times.

NEXT YEAR’S ELECTION.

There is always something doing in Kentucky politics:

“The election next year, for which the Democrats and Republicans will make nominations in the August primary, will be for Governor, Lieutenant Governor, Secretary of State, Auditor of Public Accounts, Attorney General, Treasurer, Commissioner of Agriculture, Labor and Statistics and Superintendent of Public Instruction, Judges of the Court of Appeals in the First and Sixth Districts, three Railroad Commissioners, besides Circuit Judges and Commonwealth’s Attorneys in each of the thirty-five Judicial Districts, State Senators in the nineteen odd numbered districts and 100 Representatives and a Circuit Clerk in each county. The fact that the Circuit Court officials are to be chosen adds to the interest and importance of next year’s election.”—Louisville Times.

Political Pickings

(Philadelphia Record.)

If we remember aright, the two things T. R. set out to do were to defeat Mr. Penrose and Mr. Whitman.

Clearly the time has come for Prof. Taft and Colonel Roosevelt to kiss and make up.

By the way, one hears nothing of the patriotic Sir Lionel Carden on the firing line.

Villa and Carranza may have a war, but it would be misleading to style it civil.

(Washington Post.)

Mr. Bryan calls it a victory, and it certainly is the kind he’s been used to.

LOVED TO DEATH.

“Do yer love me, ‘Erb?”

“Love yer, ‘Eiza, I should just think I does. Why, if yer ever gives me up I’ll murder yer! I can’t say more’n that, can I?”—Punch.

THE SAFETY ZONE.

During a recent battle the colonel of an Irish regiment noticed that one of his men was extremely devoted to him and followed him everywhere. At length, he remarked: “Why, my man, you have stuck by me well today.”

“Yis, sor,” replied Pat. “Shure, we mither said to me, said she: ‘Just stick to the colonel, Patrick, my boy and you’ll be all roight. Them colonels never gets hurted.’”

Lady—Thank you, Bobbie!

Boy—Oh, that’s all right! Us Boy Scouts have to do one kind act every day.—Chicago News.

WEAK KIDNEYS

MAKE WEAK BODIES

Kidney Disease Causes Many Aches and Ills of Maysville People.

As one weak link weakens a chain, so may weak kidneys weaken the whole body and hasten the final breaking down.

Overwork, strains, colds and other causes injure the kidneys, and generally when their activity is lessened the whole body suffers.

Aches and pains and languor and urinary ills frequently come, and there is an ever-increasing tendency towards dropsy, gravel or fatal Bright’s disease. When the kidneys fail there is no real help for the sufferer except kidney help.

Doan’s Kidney Pills act directly on the kidneys. Maysville testimony is proof of their effectiveness.

Mrs. Annie McClellan, 541 W. Second St., Maysville, Ky., says: “I was often dizzy and nervous and my head ached. I had pain in my back and my kidneys were weak. Doan’s Kidney Pills stopped the complaint immediately and made me well and strong.”

Mrs. McClellan is only one of many Maysville people who have gratefully endorsed Doan’s Kidney Pills. If your back aches—if your kidneys bother you, don’t simply ask for a kidney remedy—ask distinctly for Doan’s Kidney Pills, the same that Mrs. McClellan had—the remedy backed by home testimony. UNION TRUST CO.

Of Maysville Gets Official Notice and Commendation From Leading Now York Financial Publication.

Copies of the twelfth edition of "Trust Companies of the United States," an annual publication which is compiled and published by the United States Mortgage & Trust Company, New York, have been distributed among the trust companies of this state.

The information contained therein is particularly timely in view of discussions during the past year at various state banking associations and at the recent convention of the American Bankers' Association.

According to a table in the book, showing a recapitulation of resources and liabilities of trust companies by states, Kentucky is reported as holding \$37,251,049.40 in banking resources.

The Union Trust & Savings Company of this city is shown as having capital of \$50,000.00, surplus and profits of \$21,047.22, and deposits of \$208,468,000.

As indicating the growth of trust companies the total resources reported June 30, 1908, were \$3,917,442,000, and on June 30, 1914, the total resources of those companies reporting were \$5,924,979,000, which is more than one-half the combined resources of \$11,492,190,000, reported by the national banks of the United States on June 30, 1914.

In the preface it is stated: "The substantial increase of nearly four hundred and fifty million dollars, shown in trust company resources, as compared with the figures of a year ago, together with the larger number of companies recorded, is an impressive reminder that the scope of useful activity occupied by these institutions is continually broadening and enlarging.

What She Really Meant

"I can't see," began the girl who likes to talk, "why the business of being an interpreter doesn't flourish nowadays. I'm thinking of starting out in it myself and I'm sure I'd make a large income. I don't mean interpreting foreign languages, but just plain English!"

"I have learned through painful experience of bumping my cranium against stone walls and I yearn to take under my wing all the poor, bewildered mortals who still think the words people use express what they mean. I want to put them on the back soothingly and murmur 'There! There!' and then explain to them that 'Do you like pink chickens?' really means, 'We came on the 10 o'clock train.'

"For instance, Mrs. Gamboge calls you up over the phone some morning and says, 'My dear, we're having a few people in to cards tonight and want you to come. I just got it up on the spur of the moment—it's only a little informal affair. Oh, most informal, my dear, I assure you! Just a few friends! So glad you can come! Go-oo-oo!'

"I've seen the time when I'd have dismissed the matter until just before time to dress, when I would not have even glanced at the shelf carrying my party gowns in boxes, but would have picked out some high-bred thing. Probably I'd have just worn my hair as I ordinarily do and would have taken a street car to get to the scene of the festivities. But not now!

"I have grown wiser. I know that the English language does not mean what it is made to say. So I spend all my time after luncheon preparing to go to Mrs. Gamboge's informal little affair. I have my hair dressed and my face massaged, and I get an extra manicure, and I have all my clothes under inspection, and I pick out almost my very best gown. Then I borrow mother's Paris evening wrap and phone for a taxi and wait five minutes in the crush at the door before I can even get in. There will be a Hungarian band playing under the stairs and the whole place will be simply broken out with enterprising men, who pass you along from one to the other solemnly, trying to act as though they had butlered and footmaned in that one spot for several decades, as had their fathers before them.

"By this time I wish I had borrowed mother's diamond clara, because I begin to feel kind of plain in only a satin and crystal gown and a string of pearls. There will be a four course supper and American beauty roses bursting out from all corners.

"It is really maddening to think what unlimited money and a telephone will do nowadays. It seems to me that they take away all the fun of giving a party, all the worry being removed. These rich women do not have to count their napkins and say, 'My goodness! I'll have to borrow Cousin Nell's best ones to fill out!' They do not discover that they haven't enough forks and that the spare room hasn't been dusted. All they do is phone a caterer and a florist and tell Mary to be sure to see that she dusts extra well downstairs. Then they can go to a luncheon and two tears and make a few calls and when they arrive home at dinner time they say, 'Dear me! I'd almost forgotten that I have a card party tonight!'

"The only difference when it is considered a formal affair is that you get an engraved old English card ten days in advance.

"Then when you drop in to see a friend and she keeps you waiting half an hour before she comes down, and you say, 'I hope I didn't disturb or interrupt,' and she murmurs sweetly, 'Not at all, my dear! I was just hooking my collar, and I am so slow about doing things! You would realize, if you had an interpreter at hand, that she meant that she was up in the third floor sewing room working like mad with a seamstress making over clothes and hadn't brushed her hair since she had twisted it into a knot on arising, and had on a kimono thing and old slippers. Also that she said when your card came up, 'Now, what on earth did she come today of all days for? I'd like to know! Isn't it provoking!'

"My helping hand would be of benefit also to prosy and borsome and spoiled old bachelors when a sweet young thing of 20 comes over and looks into their eyes and beseeches, 'Do tell me all about how you make iron beans! I am so-o-o interested! It must be such a fascinating business!' What she really means is, 'If I can keep you talking to me as though your life depended on it I can get Harry stirred into a perfect frazzle of jealousy. He needs to be taken down a peg or two, the way he's acting of late with that Jenkins girl!'

"I'm quite charmed with the possibilities of my plan for a new profession!" concluded the girl who likes to talk. "Don't you want to employ me?"

"I do not," emphatically said the man to whom she was talking. "I've already had lesson No. 1—and now please point out which one of those fellows is your Harry!"—Chicago Daily News.

Mr. Ragland Writes Interesting Letter on This Subject.

Madison Heights, Va.—Mr. Chas. A. Ragland, of this place, writes: "I have been taking Thedford's Black-Draught for indigestion, and other stomach troubles, also colds, and find it to be the very best medicine I have ever used."

After taking Black-Draught for a few days, I always feel like a new man."

Nervousness, nausea, heartburn, pain in liver, and a feeling of fullness after eating, are sure symptoms of stomach trouble, and should be given the proper treatment, as your strength and health depend very largely upon your food and its digestion.

To get quick and permanent relief from these ailments, you should take a medicine of known curative merit.

Its 75 years of splendid success, in the treatment of just such troubles, proves the real merit of Thedford's Black-Draught. Safe, pleasant, gentle in action, and without bad after-effects, it is sure to benefit both young and old. For sale everywhere. Price 25¢. N. C. 122.

When a man sees another man wearing a hat just like his he regards it as a compliment to his good taste. But when a woman sees another woman wearing a hat just like hers she gives the hat to a colored wash lady.

Every time a woman marries a man to Reform him, the Pool Killer loses in day's pay for not being on the job.

It is Bad Manners to look a Gift Horse in the Mouth. But wise man will always look under the hood of a Gift Automobile.

When a woman over 40 gets sick, she feels pretty bad, but she usually looks worse than she feels.

After all, it is about 50-50 whether you are disappointed in Love or disappointed in Marriage.

Another tough proposition is that an amateur singer always loses her friends before she loses her voice.

There is no rest for the Wicked. But to the Righteous life isn't such a picnic either.

Just about the time when we should be using all the cotton we can, some cheerful idiot invented the peplum and gave the girls a chance to quit padding. The peplum is the little cape that hangs around the hips and gives them the Corn-Ped effect.

New gown that fastens with only two hooks isn't going to be popular with the married women. What are husbands for, anyway?

C. & O. RAILWAY FINED.

For violation of the twenty-eight-hour cattle transportation law fines aggregating \$300 were entered against the C. & O. Railway at Cincinnati. Two separate offenses were alleged.

ANOTHER WET AND DRY VOTE IN OHIO.

Columbus, O.—Trustees of the Ohio Anti-Saloon League voted unanimously to begin immediately a campaign for the adoption of a state-wide prohibition amendment to the constitution. Under the initiative and referendum law the prohibition proposal will be submitted to the people in the municipal and township elections in November, 1915.

The ignorance of this large number of people is not wholly nor chiefly their own fault, but is due in large degree to lack of opportunity which in turn is due largely to poverty or negligence of states and communities in which they spend their early lives.

The largest percentage of illiterates is composed of native white people, and the next largest negroes. The remaining small per cent, is made up of foreigners. Of the total number of illiterates, the majority live in rural communities, small towns, villages and open country.

MEASURING LIGHT OF STARS

With Improved Instruments, Johns
Hopkins Professor Hopes to Se-
cure Most Important Results.

A recent number of the *L* Radium con-
tains a paper by Dr. A. B. Pfund of Johns
Hopkins University, in which he describes some preliminary results
he has made of a new apparatus for
measuring the light of a star. The
work was done at the Allegheny ob-
servatory, the Keeler 30-inch reflector
being used. In the focus of the tele-
scope, either of two small blackened
disks, which formed the junction of a
thermo-circuit, could be placed. The
wires used for the thermo-element
were alloys of bismuth and tin, and
of antimony and bismuth respectively.
They were enclosed in an evacuated
capsule, closed at one end by a plate
of fluorite and substituted for the eye-
piece of the telescope. The thermo-
current was measured by a moving-
coil galvanometer. The sensitiveness
of the arrangement was such that a
candle at a distance of 80 miles
would give a deflection of one mil-
limeter. The deflections obtained
from celestial objects were: Vega,
7.6; Jupiter, 3.0; Altair, 2.0 milimeters.
The author hopes, by using a
more sensitive galvanometer and ma-
terials for his thermo-elements, to in-
crease the sensitiveness considerably,
and in this way to open up a new field
of astro-physical research.

The question that you continually ask
yourself when about to make Christ-
mas gifts is, "What is it the recipient
of my gifts want most, will be most
pleased with, what will give them the
greatest and most pleasant surprise, and
what will look its value without too
great an outlay of money?"

Your photograph, as a gift remem-
berance to your friends and relatives will
give more real pleasure to them
and less trouble and expense to you
than a more costly gift they can not
use.

MASON COUNTY TEACHERS

Two Score or More to Attend Mt.
Sterling Meeting—Will Visit Lexington
En Route—Nicholas County
by the Banner County.

The following teachers named below
will leave Thursday on the 5:35 a. m.
train for the Ninth District meeting at
Mt. Sterling. They will spend the day
in Lexington.

They will be met by Superintendent
Nannie G. Falemer, and Prof. Belmore
non, specialist in rural school organiza-
tion of State University. They will go
direct to visit the Piccadileon Con-
sidered school in Fayette county.

The afternoon will be spent at the
State University.

The party will leave Lexington by
interurban car for Paris where they
will join the teachers who leave Mays-
ville on the 3:45 p. m. train.

In talking to our reporter Miss
Vancey said: "Our profession is di-
vided into two distinct classes, the
'lifters' and the 'letters.' A large
majority of our teaching force are
lifters and if every county has the qual-
ity of teachers that we have, it will
be a month until Kentucky will stand
at the head of the list, instead of the
embarrassing place the government
stands this year."

Miss Gardner, Superintendent of
Nicholas county, telephoned Miss Yan-
cey Saturday that every trustee and
every teacher of city and county
schools had enrolled for the meeting,
and that three hundred persons would
attend from her county.

Nicholas county certainly has the
proper school spirit. There were 110
in attendance at the meeting in Mays-
ville last year.

END OF MILITARISM

When the mass murders of the In-
dians are done there will be a
day of reckoning for kings. Civiliza-
tion is in travail. A new child is about
to enter the human family. It will be
more enlightened than its older brothers
and will advance the cause of all
mankind. Its mother, European mon-
archy, may pay for its advent with her
own life or she may drag along for a time
in invalidism, but her end is not
far distant.

1,000 CASES ALASKA SALMON.

The M. C. Russell Co. has purchased
1,000 cases of Alaska salmon which will
be shipped from San Francisco, Cal., on
the steamer *Alaska*, via the Panama
canal to Philadelphia, thence to May-
ville by rail, reaching here next month.

The rate per hundred pounds by
the canal route is 30 cents as against 70
cents by all rail freight. This big
saving, of course, is the result of ship-
ping via the Panama canal.

VALUABLE BAR OF CORN.

(Mt. Olivet Tribune.)
Wesley Strawder of Pine Lick raised
a premium crop of corn this year. One
ear, which he took to Sardis and pre-

inches in length. Rolla Chambers, see-
ing it, offered Mr. Cooper \$2.50 for it.
The offer was accepted. Rolla sold it
for \$5 to his brother-in-law, Mr. John-
son, of Millersburg, who in turn sold
it to a Millersburg bank for \$12.50.
